

✱ CCF-Carbon Nonwoven Fabric Filter Cartridges

- Surrounded by high-quality activated carbon nonwoven fabric
- High efficiency and long-term adsorption performance
- Effectively remove residual chlorine, odor and organic chemicals from liquids

Length

Nominal Type: 10", 20", 30", 40"
High-Flow Large Size: 10", 20"

Applications

PCB, Electroplating, Reverse Osmosis Pretreatment,
Chemical Processing, General Filtration, Reclaimed Water Treatment
